

3kW Tactical Generator Battery

Compare the Gill 7243-16A to the existing sealed 3kW battery:
(The Gill 7243-16A is an approved alternative to NSN: 6140-01-476-8945)

- US Military tested & approved (PM E2S2)
- 50% more Cold Cranking Amps
- 20% more Reserve Capacity
- Lower rate of self discharge, can sit longer between use
- Pure lead/tin grid & sealed VRLA design for longer battery life
- Better ability to recover from deep discharge

WEBFLIS Price comparison (OCT-15)

6140-01-610-6102, Teledyne/Gill \$466.80
6140-01-476-8945, Concorde \$505.63

| | |
|---------------------|-------------------------------|
| P/N | 7243-16A |
| NSN | 6140-01-610-6102 |
| Voltage | 24 VDC |
| CCA | 300 amps |
| Capacity (C/1) | 16 Ah |
| Dimensions / weight | 7.3"L, 7.5"W, 6.1"H / 30 lbs. |

NOTE: It has come to our attention that the terminals on the old battery (6140 014768945) are larger than what is specified on its drawing. This can cause your battery clamps to stretch out & become loose. Terminals on the 7243-16A are the correct size. When upgrading to the 7243-16A, you may need to replace the battery clamps. Please contact us, or the PM office for more info.

24-volt Battery Charger

- PulseTech P/N: 746X840, NSN 6130-01-609-9818
- Charge 2 batteries simultaneously, 3 amps/channel
- Fully automatic with pulsing desulfation
- Compatible with all 24-volt lead acid batteries Including AGM & Flooded
- Works on all 3kW generator batteries
- 110/220 VAC input

GSA contract GS-07F-0473M

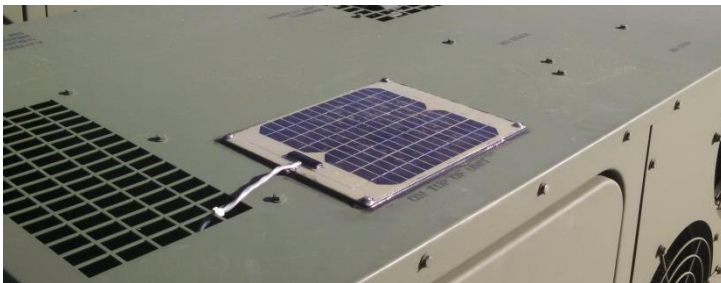

GSA price (Dec-14): \$790.33,

Recover just 2 batteries and it pays for itself!

Solar maintenance chargers – USMC Approved

- Cost less than a set of batteries, saves money
- Fully automatic with pulsing desulfation
- Keeps batteries healthy & ready to crank
- Ideal for generators, vehicles, & other equipment not used on a regular basis
- Compatible with all military generator batteries
- Mounted version or portable NATO slave plug version
- BOTH MODELS COST LESS THAN A SINGLE BATTERY. QUICK PAYBACK!

Mounted version

P/N: 735x640, 6130-01-487-0035

(USMC generator installation procedures available)

GSA contract GS-07F-0473M

GSA price (Dec-14) : \$206.04

Portable

NATO Slave version

P/N: 735x687, 6130-01-558-5371

Plugs into NATO slave receptacle

GSA contract GS-06F-0011J

GSA price (Dec-14) : \$377.13
